Summary

Hello! I am Riecky, a fifth-semester student at Bina Nusantara University majoring in Creativepreneurship. My passion lies in the realms of business, data-driven decision-making, and digital technology. I possess a strong aspiration to become a professional in the field of Business Intelligence, Business Development and data-driven decision-making.

My journey towards this aspiration has been enriched by a diverse range of invaluable experiences. Joining organizations such as BNCC and GDSC UI has significantly deepened my understanding of digital technology. As a member of BNCC Elite Team, I honed my critical problem-solving skills through digital solutions. Additionally, my involvement in TFISC provided me with profound insights into management and leadership.

My skill set encompasses data analysis using SQL, Tableau, Python, as well as web development skills using HTML, CSS, Javascript, and React.js. I believe these skills will serve as a strong foundation in achieving my professional goals.

My objective is to continue learning, self-development, and contributing to the business world by delivering value through intelligent data analysis. I am confident that with unwavering determination and an unquenchable spirit, I will attain these aspirations and make a positive impact on my career journey.

Experience

Partnerships Coordinator

TFI Student Community (TFISC)

Apr 2023 - Present (6 months)

Member

Google Developer Student Club Universitas Indonesia

Nov 2022 - Present (11 months)

Founder

Luxuria Solution

Mar 2023 - Present (7 months)

Member

Bina Nusantara Computer Club

Sep 2021 - Sep 2023 (2 years 1 month)

As a member of BNCC, I participated in the Learning and Training (LnT) program with a focus on web development, including Front-End and Back-End. My responsibilities included:

- 1) Attending classes: Actively engaging in and attending the classes organized within the LnT program.

- 2) Completing assignments: Successfully accomplishing various assigned tasks to sharpen my skills and understanding in web development.
- 3) Exploring the subject matter: Conducting independent explorations on web development-related topics, expanding my knowledge through research and self-learning.
- 4) Working on the final project: Actively participating in the development of a comprehensive web project, encompassing both Front-End and Back-End aspects.

As a result of the LnT program, I have gained a deep understanding of web technologies and acquired the ability to establish a small business providing website development services.

Head of Public Relations

TFI Student Community (TFISC)

May 2023 - Aug 2023 (4 months)

Teach For Indonesia Student Community | Greener Day

As a member of the Teach For Indonesia Student Community, I have participated in the Public Relations Division. I participated in Greener Day activities as Head of Public Relations:

- 1.) Partnership Development: I successfully established collaborations with four student organizations through beneficial MoU agreements, facilitating effective cooperation for the event's execution.
- 2.) Effective Communication: Playing a pivotal role in crafting an impactful public communication strategy, I designed pertinent messages aligned with Greener Day's sustainability mission, disseminating them across diverse communication channels.
- 3.) Event Coordination: As a vital member of the event organization team, I contributed to planning and executing various activities, such as seminars, tree planting, clean-up drives, and other environmentally-focused initiatives in the Tangkolak area.

In my role as the Head of Public Relations, I have fostered productive relationships, devised compelling communication strategies, and played an integral part in organizing activities that promote sustainability and leave a positive mark on the Tangkolak village. Witnessing the transformation of the environment and the growing enthusiasm within the community has reinforced my belief in the power of collective action for a more sustainable future. This experience has not only enriched my skill set but also ignited a passion for environmental advocacy that I am excited to carry forward in my journey.

Member of Business Elite Team

Bina Nusantara Computer Club

Jan 2022 - Apr 2023 (1 year 4 months)

I am a member of the BNCC Elite Team specializing in Business IT, where I am responsible for analyzing cases and providing effective solutions.

- 1) Case Analysis: Utilizing data calculations and visualization, I conduct in-depth analysis of the given cases, identifying core issues and evaluating influential factors.
- 2) Solution Development: I actively contribute to formulating innovative and comprehensive solutions based on the conducted analysis. Leveraging my knowledge in business and information technology, I offer practical and effective solutions.

- 3) Presentation and Communication: I actively participate in crafting clear and persuasive presentations to showcase the analysis outcomes and the developed solutions to the judging panel and audience. I communicate ideas effectively and consider constructive feedback.
- 4) Team Collaboration: I actively collaborate with fellow team members, sharing knowledge, experiences, and ideas. Together, we work towards common goals and ensure the success of the team in the Business IT competition.

As a result, I have achieved notable accomplishments:

- 1) Out of the 3 competitions participated, 2 successfully advanced through the selection stages.
- 2) Additionally, I secured the 3rd place in one of the competitions.

This experience has enriched my understanding of Business IT and honed my analytical, communication, and collaborative skills.

Freshmen Leader

BINUS University

Aug 2022 - Oct 2022 (3 months)

Freshman Leader (FL) accompanies New Students during the Academic Orientation, namely the First Year Program (FYP).

- 1). Guide and support incoming freshmen students in their transition to campus life. Provide essential information about campus facilities, extracurricular activities, and academic resources.
- 2) Assist in teaching academic procedures, campus policies, and available support services.
- 3) Contribute to processing freshmen data, including collecting and analyzing information on assignments and academic needs.
- 4) Collaborate with faculty and staff to ensure a smooth academic transition and integration into the campus community.

These additional points highlight the successful outcomes of my role as a Freshman Leader, showcasing the positive impact you made in fostering a supportive and welcoming environment for new students.
